

## CANVAS TUTORIAL FOR STUDENTS

### Introduction

Canvas is the Learning Management System (LMS) used by East Noble School District. This LMS allows teachers to create digital curriculum for students to access while at school or home. You will use Canvas to download files, take quizzes, access links to other sites or watch imbedded videos. Canvas works in any browser, but if you find it not loading in one browser then please try another. Browsers currently used to access Canvas successfully at home are Chrome and Firefox.

### Student Access to Canvas

Canvas can be accessed through any of the school building websites. The direct corporation link is [www.eastnoble.net](http://www.eastnoble.net). From here, select the "Students" drop down then "Student Portal".

## Signing into Canvas as a Student

If prompted to sign into Canvas, you enter your school computer username and password.

All current classes are listed here

You can click on any of the classes in the list to view assignments, lesson plans, videos and files. This will take you to the teacher's homepage.

## Teacher's Homepage

All teachers' homepages are unique. Some teachers use Modules to organize classwork, other teachers use Weekly Agendas to organize classwork. Make sure you speak with each of your teachers directly to learn how they organize their pages.

The screenshot shows a teacher's homepage for Mrs. Sara Stein. The page title is '3(A)-Honors Language Arts 7-Section-4'. The sidebar menu includes: Home, Announcements, Assignments, Discussions, Files, Quizzes, Grades (5), People, Pages, Syllabus, Outcomes, Modules, Conferences, Collaborations, and Browse NBC Learn. The main content area features a bio for Mrs. Sara Stein, helpful links, and weekly agendas.
